

PlanSmart: Schedule & Save for Zepto

A checkout-embedded scheduled delivery feature - research, economics, and rollout plan

THE PROBLEM

Fewer than 10% of Zepto users used scheduled delivery, even though most grocery purchases are planned.

THE RESEARCH

31 user interviews: 74% didn't know the feature existed, 58% would use it for a discount.

THE ECONOMICS

Route batching cuts delivery cost from Rs 70-90 to Rs 45-60, netting roughly Rs 36/order.
